

Pumipat Janbai

I have experience working on projects while studying using Python, Java, C to develop application and using python to work on data science.

RELEVANT EDUCATION

Computer Science

Khon Kaen University | July 2019 to present

GPA 3.35

SOFT SKILL

Adaptability Creative Patience
Problem-solving Leadership

HARD SKILL

Languages : Python, Java, C

TECHNICAL SKILL

- Software Engineer
- Data Engineer
- Databases MySQL Django
- Data Science and Machine Learning

RELEVANT COURSEWORK

Programming

- java,C and Python

Intelligent Systems

- Data Engineering, Machine Learning,Data science

Technology for applications

- Computer Networks
- Databases

Technology and software methods

- software engineering
- Object-Oriented Programming

RELEVANT CLASS PROJECTS

Database Project

-create an online job application website using XAMPP

Object-Oriented Programming Project

-create Android apps using Android Studio

Principles of Software Design and Development Project

-create crepe shop website using spring boot

FRAMEWORKS

- Spring Boot
- Android studio
- Django web framework
